

DeVilbiss PRi HD – the ultimate in primer spray gun technology.

The PRi HD is a compliant gravity feed spray gun specifically designed for the application of modern primers, surfacer's and fillers. The gun is easy to clean and maintain with most of the service parts shared with the existing GTi HD range of guns. A wide range of five fluid tips and one specific air cap ensure the PRi HD is the perfect solution for all priming applications.

The all new 310 primer air cap incorporates the latest DeVilbiss Trans-Tech atomisation technology for total compliance with EPA regulations. Primer guns must be compliant in their own right. The 310 air cap is manufactured in plated brass for ultimate durability.

**The all purpose full size
Compliant primer spray gun**

- Large spray patterns and even material distribution
 - Suitable for all types of primers, surfacers, fillers and polyesters
 - Air adjuster valve on the gun handle allows instant pressure control
 - Balanced air valve design for lighter trigger pull and improved air flow
- Tough and durable drop forged aluminium gun body
- Paint cup includes integral filter and drip-check lid

PRi HD Compliant Trans-Tech Spray Gun

The PRi HD gun is constructed of the very highest grade alloys and stainless steels to ensure smooth operation as well as high impact resistance.

Every single component within the PRi HD spray gun is quality controlled and machined parts are checked to exacting tolerances.

Example of PRi HD spray gun part numbering: PRIHD-P1-14 means...

PRIHD = PRi HD Gravity Gun / P1 = P1 Air cap /
14 = 1.4 fluid tip and needle.

PRi HD Gravity Fluid Tip/ Needle (.mm) size and code:
1.4, 1.6, 1.8, 2.0, 2.5.

Gravity cup
pt. no. GFC 501

Gravity cup (Blue polyester)
pt. no. GFC 511 for difficult
fluids.

Air cap Number and Type	Recommended Inlet Pressure	Air Flow @ 2 bar/29 psi
P1 Trans-Tech Compliant	2 bar (29psi)	300 l/min (11 scfm)

Specifications	PRi HD
Air Connection	1/4" Universal
Gun Weight (without cup)	585g
